Ankit Padhiyar

IT Intern | Web Developer | Tech Enthusiast | IT Support & Networking

ankitpadhiyar707@gmail.com | +91 99788 76623 | Bharuch, Gujarat

PROFESSIONAL SUMMARY

I am a web developer and tech enthusiast with practical exposure to ERP systems, websites, databases and IT-related software systems. I enjoy turning ideas into responsive interfaces and useful digital tools.

My current focus is growing across web development, databases, server and hosting work, AI-assisted development and software engineering.

PROFESSIONAL EXPERIENCE

IT Intern — Swaminarayan University | 1 year

• Practical exposure to IT support, ERP systems, websites, databases, networking, servers and IT-related software systems.

• Supported technical troubleshooting and day-to-day IT operations.

PROJECTS

1. **Hostel Attendance System**

   Web and Android based system to manage hostel attendance, events and student records, with practical location/radius checks, photo capture and admin/warden workflows.

   Technologies: HTML, CSS, JavaScript, Node.js

2. **Personal Portfolio**

   Modern responsive portfolio showcasing skills, projects, certificates and technical journey.

   Technologies: HTML, CSS, JavaScript

3. **Calculator**

   Functional calculator with a clean interface and keyboard-friendly interaction.

   Technologies: HTML, CSS, JavaScript

4. **Tic Tac Toe**

   Classic browser game with smooth interaction and score tracking.

   Technologies: HTML, CSS, JavaScript

5. **Rock Paper Scissors**

   Interactive game with dynamic scoring and computer-play logic.

   Technologies: HTML, CSS, JavaScript

6. **Password Generator**

   Password generator with customization and strength feedback.

   Technologies: HTML, CSS, JavaScript

TECHNICAL SKILLS

1. **Web Development**

   HTML5, CSS3, JavaScript, Responsive Design

2. **Programming**

   Python, C, C++

3. **Database**

   MySQL, Database Administration

4. **Development Tools**

   Git, GitHub, Prompt Engineering, AI-assisted Development

5. **IT & Infrastructure**

   IT Support, Networking, Server & Hosting, ERP Systems

CERTIFICATIONS

Certification	Issuer	Date
HTML5, CSS3 & Basic Frontend	LetsUpgrade	5 May 2025 – 7 May 2025
Python Data Analysis & Machine Learning	SkillDrift	20 Nov 2026
SQL (Basic)	HackerRank	23 Jun 2026
AI Tools & Claude Workshop	Be10X	12 Nov 2025
AI for IT Support & Networking	SkillDrift	20 Nov 2026
C++ Bootcamp	LetsUpgrade / TechMinds Academy	28 Jun 2026

EDUCATION

Bachelor of Engineering in Information Technology — Swaminarayan University

12th / Higher Secondary — Aryam Educational Academy | Passed 2023

SOFT SKILLS

Communication • Problem Solving • Analytical Thinking • Troubleshooting • Teamwork • Quick Learning

INTERESTS

Technology and IT infrastructure • Learning new technologies • Web and database projects • Practical software development
